# PGA REACH Philadelphia Pro-Am Championship

Laurel Creek Country Club, Mount Laurel, N.J., Monday, September 30, 2024

## Partner Recognition

**E-Blasts** Two emails sent per month from June-October to PGA REACH Philadelphia's full database of contacts (1,700+) that either feature or highlight / thank partners. E-mails include a dedicated thank-you to partners, as well as promotions of our raffle and online auction with partners recognized.

**Social Media** Partners are recognized several times on all social media outlets. Our social media platforms have over 3,000 followers on Facebook, Instagram, and Twitter. Title partner can expect mentions on each social platform. We strongly encourage partners to share / like PGA REACH Philadelphia posts. Live posts on Instagram on tournament day, recognizing sponsors through photos of signage, players, posters, banners, etc.

**Website** Dedicated page to partners, featuring lead partner first. Post-tournament recap page will also thank all partners, with title partner first.

**Annual Report** Hard copy mailed (200+) and digital copy emailed to full database (1,700+ contacts) in first quarter annually. Partners are featured and thanked from previous tournament (lead partner with logo). Foundation open to an editorial submission from title partner about their support for pro-am and tournament experience (150 words or less).

**Event Signage** Title partner banners / signage to be placed on prominent display during the pro-am and shared throughout the tournament on social media. Signage with partner's logo placed around the golf course and facility. Title partner given opportunity to speak at dinner.

**Brand / Logo** Title partner has the opportunity to bring branded materials to display during the tournament. Title partner can expect 10+ opportunities for logo and/or brand visibility including day-of banners and signage.

**Day-of Exposure** Over 250 individuals expected to attend the pro-am. NBC Sports Philadelphia's "Inside Golf" television program to cover the event for tape-delayed segment.
